

I support K-Love radio financially this should let you know that myself and others like me want a more positive radio station to listen to. K-love has a positive message about my Lord Jesus Christ to share with there listners and the world.A very uplifting station. I really enjoy the music, and walking into a place of business here in Somerset hearing K-LOVE playing on the businesses speaker system. LETS KEEP IT ON!!! The world needs a encourageing word would'nt you agree? Without K-LOVE lots of listener would'nt have a Christian Choice & they are totally listener funded, this should tell you something ,people do want a alternative choice to the what i call the rap-crap/ good old boys beer guzzlin county music. Mind you this is only one mans opinion. Hey thanks for asking for the publics opinion thats most diplomatic of you. Hey have a lovely evening and GOD BLESS. Lets keep K-LOVE on load & clear. thank you. Jerry Whitaker. My local station is 88.1
